

## Learning Objectives

After participating in this conference, delegates will be able to:

1. Demonstrate an enhanced knowledgebase across the spectrum of CV medicine.
2. Identify potential care gaps in their own practice that they may personally address.
3. Evaluate new therapeutic options in the treatment of ACS, structural heart disease, heart failure, arrhythmia, diabetes and stroke.
4. Apply the latest guidelines on STEMI, heart failure, lipid management, and diabetics with cardiovascular disease to their practice.
5. Plan appropriate management strategies in the setting of heart failure, valvular heart disease, ACS, stable coronary disease, primary and secondary prevention of vascular disease, atrial fibrillation, and diabetes.

## Sunday, March 10, 2019

### Acute Cardiovascular Syndromes – Ischemic Heart Disease and Acute Coronary Syndromes

16:25 – 16:30	Welcome and Opening Remarks	Robert Welsh
16:30 – 17:00	ACC Rockies Founders Lecture: What Have We Learned from 30 Years of TIMI Trials?	Robert Giugliano
17:00 – 17:20	Dual Pathway Inhibition Anti-thrombotic Therapy: COMPASS, COMPASS Sub-studies and Secondary Analyses	John Eikelboom
17:20 – 17:40	Applying the Spectrum of Antithrombotic Therapies to Your Atherosclerotic Cardiovascular Disease Patients	Robert Welsh
17:40 – 18:00	What is New in the 2018 CCS STEMI Guideline Update?	Graham Wong Warren Cantor
18:00 – 18:20	Translating Evidence to Practice: Improving Outcomes in Patients with ASCVD with PCSK9 Inhibitors	Robert Giugliano
18:20 – 19:20	Interactive Case Discussions	

### Welcome Reception

<b>Monday, March 11, 2019</b>		
<b>Valvular Heart Disease, Structural Heart Disease, and Heart Failure</b>		
07:30 – 08:00	<i>Breakfast</i>	
08:00 – 08:30	Chronic Management of Venous Thromboembolic Disease in 2019	John Eikelboom
08:30 – 08:50	Novel Treatment Strategies for Patients With Heart Failure – Diagnosis and Management of Amyloid Associated HF	Jonathan Howlett
08:50 – 09:10	Heavy Snow Forecasted: Heart Failure Therapy 2019 and Beyond	Justin Ezekowitz
09:10 – 09:30	<i>Nutrition Break</i>	
09:30 – 10:00	PFO Closure in Stroke Etiology Not Yet Diagnosed	Anoop Matthew
10:00 – 10:20	Applying Transcatheter Therapy to Patients with Severe Mitral Regurgitation – Optimizing Patient Selection to Achieve Benefit	Kevin Bainey
10:20 – 10:40	The Expansion of TAVI Patient Indications – Is Open AVR Soon To Be Replaced?	Alexander Dick
10:40 – 12:00	Interactive Case Discussions	
12:00 – 12:45	<i>Lunch</i>	
12:45 – 14:45	Heart Failure Symposium	Jonathan Howlett Justin Ezekowitz
17:30 – 19:00	Residents Research Competition	
19:00 – 22:30	ACC Rockies Dinner	

<b>Tuesday, March 12, 2019</b>		
<b>Arrhythmia, Primary &amp; Secondary Prevention</b>		
<b>07:30 – 08:00</b> <i>Breakfast</i>		
08:00 – 08:20	How I Approach Lifestyle Modification in Prevention and Treatment of Atrial Fibrillation	Steve Wilton
08:20 – 08:40	Hey Siri, Call My Cardiologist: A New Era in AF Screening	Steve Wilton
08:40 – 09:00	Management of VT in Structural Heart Disease: Reason for Hope	Vikas Kuriachan
09:00 – 09:20	Women’s Cardiovascular Health: What Should We Be Thinking About	Thais Coutinho
<b>09:20 – 09:40</b> <i>Nutrition Break</i>		
09:40 – 10:00	Diabetes for the Cardiovascular Clinician	Shaun Goodman
10:00 – 10:20	Update on Genetic Dyslipidemias and the FH Registry	Jacques Genest
10:20 – 10:40	New AHA/ACC Dyslipidemia Guidelines: Implications for Care	Todd Anderson
10:40 – 11:00	What to Choose to Combat Progressive Atherosclerosis	Jacques Genest
11:00 – 11:30	Panel Discussion and Case Presentations	
<b>11:30 – 12:15</b> <i>Lunch Break</i>		
12:15 – 14:45	Diabetes Management Symposium	Shaun Goodman Michael Heffernan Robert Welsh

<b>Wednesday, March 13, 2019</b> <b>Health Resource Utilization &amp; Societal Considerations</b>		
07:30 – 08:00	<i>Breakfast</i>	
08:00 – 08:30	Peri-operative Risk Stratification: Did the Guidelines Get It Right	Anthony Main
08:30 – 09:00	Cardiac Imaging Pre-CV Surgery – What Do We Need To Do	Alexander Dick
09:00 – 09:30	CTO Programs – Expertise and Patient Selection	Minh Vo
09:30 – 10:00	There's an App For That! A Guide to Cardiovascular Applications	Sheri Koshman
10:00 – 10:30	Choosing Wisely and Health Economics	Todd Anderson
10:30 – 11:00	Audience & Panel Discussion	
11:00 – 11:30	Meeting Highlights, Key Learning Points, and Reflections	Robert Welsh
