

Biography:

Dr. Sheri Koshman BScPharm, PharmD, ACPR, FCSHP

Dr. Koshman is an Associate Professor of Medicine with the Division of Cardiology at the University of Alberta, in Edmonton. She practices in the Cardiac EASE and Heart Function Clinics at the Mazankowski Alberta Heart Institute. She is the lead of the first Advanced Pharmacy Residency Cardiology program in Canada.

Dr. Koshman is a member of the Canadian Cardiovascular Heart Failure Guidelines Committee, is a member of the Alberta Health Services Strategic Clinical Network Heart Failure Working Group and co-developer of the Med-HF App, a heart failure app aimed at helping front line practitioner manage heart failure medications.

She was one of the first 15 pharmacists to be awarded independent prescribing rights in Canada.
